PROFILE SUMMARY

Highly motivated and detail-oriented web developer skilled in HTML, CSS, JavaScript, and React.js. Experienced in creating responsive, interactive, and user-friendly websites with modern design principles. Proficient in enhancing user experiences and collaborating in team environments. Eager to contribute to innovative projects and grow in web development.

PROJECTS

1. Food Order Website

Overview: Built with React.js, this website provides users with an interactive and seamless online food ordering experience.

Features:

- User authentication for login and sign-up
- Add-to-cart functionality
- Food filtering based on preferences
- Automatic total calculation
- Fully responsive design
