(NSDC)

Cid:of945uk03qjdi6d1 (August 2024)

PROFILE SUMMARY

Enthusiastic and certified React JS Developer with a strong foundation in building responsive web applications. Proficient in React.js, JavaScript (ES6+), HTML5, and CSS3, with a keen understanding of modern development practice . I have successfully completed several projects during my training, demonstrating my ability to collaborate with cross-functional teams to deliver quality software solutions.

PROJECTS

1. Personal Portfolio Website - Visit : [Portfolio](#)

Overview : Developed a personal portfolio website to showcase my web development skills and completed projects.

Technologies : Utilized HTML5, CSS3, and JavaScript for front-end development with implemented dynamic user interfaces.

Features : Developed a responsive design for optimal performance across devices, integrated interactive elements to enhance user engagement.

2. Notes App Website Link - [Notes App](#)

Overview : A full-stack application built with the MERN stack (MongoDB, Express.js, React.js, Node.js), featuring user authentication and secure CRUD functionality for note management.

Features : Include user registration, login, token-based authentication, and dynamic note creation, editing, and deletion. Designed to be responsive and user-friendly, it demonstrates expertise in RESTful APIs, state management, and database integration.
